LBMS 7th graders Willa McCoy & Sophia Jacono gave a TEDTalk on plastic pollution to Dover Elementary. They volunteered after participating in the Future Earth event at CSU. Amy Helms' second-grade students were so impacted by the talk that they asked their teacher to share photos of their zero-waste lunches. Willa and Sophia are in LBMS' Environmental Club. ## LBMS Students Take on Future Earth

### LBMS Students Participate in Future Earth Event at CSU

LBMS students participated in three events at the 5th annual Future Earth Event.

Finishing fourth place among 63 cars and five school districts was Mo Assad and Sammy Zayed's Junior Solar Sprint car "Flash." In the KidWind Challenge, Brandon O'Malley and Zack Mayer's wind turbine took first in the geared category, while Ethan Roman and Mark Rennard took second out of 27 turbines from six Northeast Ohio school districts.

In the non-geared category, LBMS 8th graders swept the competition: Chris Brown and Rory Nye took first place, Grace

Gallagher and Katie Peacock took second place, and Alyssa Carman and Iliana Santillo took third place.

In a non-competitive event, LBMS students participated in a TEDTalk related to Earth Issues. Sophia Jacono and Willa McCoy spoke on 'Banning Plastics'; Megan Wacker and Ayla Sabbah did a speech on "Let's Talk Renewable Energy"; Stella Davisson and Abby Sadd spoke on Pollution; and Lorenzo Nivellini's speech was on Recycling.

The Future Earth event is for Northeast Ohio middle school students and focuses on inspiring students to choose careers in the STEM fields to design a more sustainable future. Technology/Engineering teacher Kurt Thonnings organized his students' participation. This year's event hosted seven school districts and around 250 students, who toured the new CSU engineering building.
